TALKABOUT WALKIE-TALKIES

OWN EVERY MOMENT

At the park with your kids, on the beach with friends or just a keen adventurer enjoying a day out, our range of TALKABOUT Walkie-Talkies are a great way to keep in touch so you can focus on the moments that matter to you. With a range of up to 10kms*, these walkie-talkies are the ultimate accessory for anyone serious about adventure, style and simple communication.

TALKABOUT Walkie-Talkies deliver dependable, instant communications hands-free or at the touch of a button so all you have to worry about is enjoying, living and conquering your moments.

* Depending on terrain and conditions.

TALKABOUT™

TALKABOUT WALKIE-TALKIES

CONQUER EVERY MOMENT

Our high-end performance sports and outdoors TALKABOUT Walkie-Talkies are great for extreme sports enthusiasts who need reliable two-way communications for their adventures. They are easy to carry, high-specification radios that come packed with features for more effective communication with your family, friends or team members.

A dark silhouette of a landscape. On the left, there are trees and a group of people. In the middle, there are two people on bicycles. To the right, there is a van and a car. The background features a large mountain range.

TALKABOUT T82

GO ADVENTURE.

The TALKABOUT T82 is the perfect partner for your next adventure. Durable, with an IPx2 rating, the T82 can take the drops and splashes you're likely to encounter on your treks. The new hidden display comes alive when you need it and makes calling easier. The easy pairing button makes setup a breeze. A built-in LED torch provides emergency light when needed so you can read your map in the dark. And with a range of up to 10km*, the T82 will ensure you stay connected.

* Depending on terrain and conditions.

PACKAGING OVERVIEW

TALKABOUT™

TALKABOUT™

ENHANCED FEATURES

WE DESIGNED THE TALKABOUT T82 WITH ADDED FEATURES TO MAKE SURE YOU ARE ABLE TO GO ADVENTURE.

RUGGEDNESS, SPLASH PROOF, EASY PAIRING AND THE HIDDEN DISPLAY ARE JUST A FEW OF THESE FEATURES.

The TALKABOUT T82 is a great addition to bring on your skiing, hiking, biking, climbing or snowboarding adventures.

PMR446 UNLICENSED FREQUENCIES

UNBOX AND GO.

TALKABOUT RADIOS UTILISE PMR446 UNLICENSED FREQUENCIES FOR EASY, COST EFFECTIVE OPERATIONS.

No subscription or call charges and 16 channels** with user selectable privacy codes (121 sub codes per channel) help ensure a clear signal, with a range of up to 10km*.

TALKABOUT T82 radios are also compatible with other TALKABOUT radios and with any other radio operating on the same PMR446 frequencies.

PMR446 radios -

16 Channels** plus
121 privacy codes

UP TO
10
KM RANGE*

* Depending on terrain and conditions.

** Restricted to 8 channels in Russia by law. Please refer to user guide.

IPx2 **SPLASH PROOF**

PROTECTION FROM SPLASHES.

Bring on the adventure. The TALKABOUT T82 has an IPx2 splash proof rating. This IPx2 rating guarantees protection from spills and splashes.

So you can worry less and communicate more.

Splash proof IPx2

TALKABOUT™

EASY PAIRING

PAIR AND GO.

Easy pairing lets you and your family or friends programme all of your radios to the same channel and code simultaneously. So now you can spend less time preparing, and more time exploring.

HIDDEN DISPLAY

SLEEK AND SOPHISTICATED.

The LED display on the TALKABOUT T82 turns on to deliver the information you need, only when you need it. You'll only see the icons you are using, which makes calling that much simpler. And, when you're not using your radio, the display is hidden. The result is a clean and sophisticated design that you'll love at first sight.

Hidden display

TALKABOUT™

LED TORCH

LET THERE BE LIGHT.

On any adventure, it's crucial to be able to see what you are doing and where you are going. The TALKABOUT T82 has a built-in LED torch so you can get to where you need to be, even in the dark.

The LED torch also gives you the ability to read maps at night and easily see into backpacks and bags so you know you have an emergency light when needed.

LED torch

TALKABOUT™

EMERGENCY FEATURE

WE NOT ONLY WANT TO KEEP YOU CONNECTED ON YOUR WILDEST ADVENTURES, WE WANT TO KEEP YOU SAFE! WE DESIGNED THE TALKABOUT T82 WITH AN ADDED EMERGENCY FEATURE SHOULD YOU FIND YOURSELF IN NEED...

There is an emergency button on the side of the **TALKABOUT T82** – press and hold this for 3 seconds and a loud alarm will sound, and also activate the hands free (VOX) feature for you to transmit your call to your group requesting help****.

**** The Emergency Alert feature should only be used in the event of an actual emergency. Motorola Solutions is not responsible if there is no response to the emergency alert from the receiving group.

TALKABOUT™

DUAL POWER

THE TALKABOUT T82 ENSURES YOU CAN STAY IN TOUCH ON EVEN THE LONGEST DAY OF ADVENTURES BECAUSE YOU CAN USE BOTH THE INCLUDED RECHARGABLE BATTERY OR STANDARD AA BATTERIES.

The **TALKABOUT T82** is supplied as standard with 800mAh NiMH rechargeable battery packs. This gives you up to **18^{***}** hours so you can keep on exploring.

Need more runtime? No problem! You can use the optional high capacity 1300mAh battery pack for up to **26^{***}** hours of power.

Dual Power

Use rechargeable NiMH batteries included, or 3 AA batteries

*** Based on standard usage of 5/5/90 cycle,

TALKABOUT™

MICRO USB CHARGING

CHARGE WHERE YOU WANT.

We know that you want to use your TALKABOUT T82 on the go, so we have included a mains charger with micro USB cable. This charger has an integrated Y cable, so you can charge two walkie-talkies at the same time.

Because the TALKABOUT T82 has a USB port you can connect any USB cable to a computer, or power pack for a quick charge.

The optional USB vehicle adaptor is also available so you can connect your TALKABOUT T82 in the car and charge while you drive to your next destination.

TALKABOUT™

VIBRATE ALERT

BE DISCREET. AND NEVER MISS A CALL.

Set your TALKABOUT T82 radio to vibrate instead of ring. The vibrate alert is especially useful in locations where ringing can be intrusive, or in loud environments where excessive noise may prevent you from hearing your ring tone.

TALKABOUT™

HANDS **FREE**

KEEP ON EXPLORING.

When you are hiking up a steep mountain trail, you really need to keep your hands free to handle the rocky terrain. With iVOX/VOX capable radios you can enjoy convenient communication with a headset (VOX) or without a headset (iVOX) without having to push a button. Let your voice do all the work to activate the microphone so you can keep moving without ever having to stop to make a call.

TALKABOUT™

PERSONALISATION STICKERS

MAKE IT YOURS.

Don't lose track of which radio is yours again. The TALKABOUT T82 comes with a series of personalisation stickers which will help your radio stand out from the crowd. Want to add a more personal touch? Create your own with the additional blank stickers!
